The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses that California community college (CCC) students may complete to satisfy the lower-division breadth/general education requirements before transferring to the California State University (CSU) or to the University of California (UC). CCC can certify completion of IGETC, which is accepted by all CSU campuses and many majors at all UC campuses. **A course can only be certified if it was approved for IGETC when it was taken. Courses on this list are approved for academic year 2022-2023.** For a complete listing of courses, their approval dates, and transfer credit limitations, visit ASSIST.org. All courses must be completed with grades of C or better OR with a Pass if the course was taken on a Pass/No Pass (P/NP) basis and the Pass is equal to a C grade or higher. Many colleges and universities require letter grades for major coursework, and/or have other restrictions on P/NP grades. Students are advised to consult with a counselor/academic adviser before selecting the P/NP option. See a counselor/academic adviser about UC majors, colleges, and professional schools which do not accept IGETC, and for other transfer requirements. Upon enrolling in final course requirements and receiving conditional admission to the university, students must submit a request for certification to the De Anza College Admissions and Records Office. G.E. Certification Request forms are available online at: [deanza.edu/admissions/forms.html](http://deanza.edu/admissions/forms.html)
